

Full Stack web Developer

OBJECTIVE

Passionate Full Stack Web Developer skilled in designing user-friendly, scalable, and high-quality web solutions. Proficient in front-end and back-end technologies, with a strong focus on delivering seamless user experiences.

PROJECT

A Website Developer with 1.5 years of experience, proficient in HTML, CSS, JavaScript, Bootstrap, and jQuery for creating responsive and visually appealing designs. Skilled in WordPress, Elementor Pro, and WooCommerce, with expertise in developing custom websites, themes, and plugins. Experienced in Core PHP, MySQL, Shopify, and SEO, delivering fast, user-friendly, and optimized web solutions for all devices. Here are some of the live projects:

- shopyvision.com
- flutelifestyle.com
- helmetwala.com
- perfume2spray.com
- artgali.com
- rhinestoneheritage.com
- lvartist.com
- amakhafoods.com
- D3mynds.com
- Sellingos.com
- mudrax.in

EXPERIENCE

With 1.5 years of experience as a Website Developer, worked on a contract basis for 8 months at ShopyVision, contributing to projects like **ShopyVision**, **FluteLifestyle**, and **Perfume2Spray**. Responsibilities included website development, advanced WooCommerce setups, SEO, graphic design, and integrating payment gateways and shipping solutions. After completing the contract, joined Sellingos and worked there for 9 months, handling projects like **AmakhaFoods.com**, **D3Mynds.com**, **Sellingos.com**, **ArtGali.com**, and **RhinestoneHeritage.com**, specializing in e-commerce development with advanced WooCommerce functionalities.
